

WE CAN DO MORE ...

Your HRAA thanks each and every person who participated in the fight to date against OAW's proposed water rate increase!

We can do more to make sure our voices are heard. We stood united as a community, and our voices were heard at the PUCO public forum on December 5. As the PUCO debates our future water prices, let's make sure the message we sent at our public forum does not fade. Please feel free to participate in the following:

Let Senator Goodman know your comments:
