FREQUENTLY ASKED QUESTIONS

Who should sign up? Anyone living within the City of Longmont or Boulder County limits who no longer have a landline in their home or wish to receive messages on a cell phone will want to sign up for this service.

Who does not need to sign up? If the only form of communication you have is a landline phone, and you don't want to receive messages on any other device, you do not need to sign up for this service as you are already attached to an emergency notification system through the City of Longmont 911 services.

When will the emergency notification system be used? The system will be used to notify residents about imminent threats to health and safety such as the need to evacuate due to a wildfire, hazardous spills or other emergencies.
