Article IV
Membership

There will be three classes of membership for the District 9 Neighborhood Alliance, those being voting members, nonvoting members and honorary members.

Section 1: Voting Members. The Board of Directors of each member neighborhood association shall appoint one representative who shall carry one vote. The neighborhood association can change their authorized voting member representative at anytime with written notice to the secretary of the Alliance. For the purpose of this document, a "neighborhood association" is an organization of residents in a defined location formed to enhance and protect the quality of life of the neighborhood. A "neighborhood association" is characterized by: (1) assessment of dues, (2) regular meetings, (3) election of officers, (4) registration with the City Planning Department and (5) having a non-profit corporation status with the State of Texas.

Section 2: Nonvoting members are individuals who seek the satisfaction gained from actively participating in their community. Nonvoting members can be individuals from neighborhoods, churches, schools or businesses in City Council District 9. Nonvoting members may address the floor and serve on committees. They cannot make a motion, vote, hold an elected office or serve as a committee chair.

Section 3: Honorary members may be selected by the voting membership based on outstanding service to the alliance or to the community. Honorary members shall have all of the benefits of a nonvoting member.

Section 4: Acceptance of applications for voting and non voting membership shall be determined by the sole discretion of the Board of Directors of the Alliance.
