One year ago, the LOVELAND NEIGHBORHOOD ASSOCIATION was established to promote neighborly acquaintanceship, enhanced communication and support collective action within our neighborhood. It was registered with the Mayor's office on November 9, 2007. At our first meeting, on 1/26/08, attended by over 100 residents, 10 board members were selected to serve for staggered terms. That group has met monthly (more or less) to pursue projects of neighborhood awareness, interest and improvement.

We invite you and your family members to join us on the above date for an update regarding the progress of our association, with presentations by officers and nominations of new board members. We will also offer a brief overview regarding RADON, an important local pollution risk (subterranean radioactive gas), in Nebraska, Iowa and North Dakota.

Checks or cash donations for continuation and support of LNA will also be solicited at that time.

Please consult our website for bylaws, meeting summaries and other community information:
