

2009 ANNUAL
NEIGHBORHOOD
CONFERENCE

HELD AT CALIFORNIA BAPTIST UNIVERSITY

2009 Neighborhood Conference

Justice John Gabbert, keynote speaker, spoke of the history of our city. He moved here at age three in 1912. He started a law practice here during the 1929 depression and rose to become a Riverside County Superior Court Judge and later a State Justice. He shared his memories of growing up in Riverside. He has a 70-minute DVD available through the city called “Riverside, my Riverside,” which covers the city’s history from 1915 to 1925. He had his 100th birthday shortly after the Conference.

Sessions and Neighbors

City of Riverside's Annual Neighborhood Conference

An outstanding every year. Photos of 2010 Conference (taken with personal camera) are not available – but please plan on attending in 2011. New sessions are being added all the time. It's a great way to get acquainted with the City's many opportunities, resources and services, and to network with neighbors.

(if anyone finds Judy's camera, she will be grateful for its return, or at least of the photos on the memory card!)
