

Tampa Homeowners, an Association of Neighborhoods

August 4, 2010

THAN People:

The next THAN Meeting will be held on Wednesday, August 11, 2010, from 7:00 till 9:00 p.m. at Union Station.

Our guests include our new Councilwoman, Yvonne Yolie Capin, (15 min.) and Mary Shavalier from HART (20 min.) Councilwoman Capin would like to meet us as representatives of the neighborhoods of Tampa. Ms. Shavalier will discuss the latest thinking on the Transportation Initiative on the November ballot. As usual, either Shannon or Carla will give the Neighborhood & Community Relations report. The By Laws Committee will introduce the proposed revised By Laws. These will be discussed further at our September Meeting and voted on at our October Meeting.

To date, 26 THAN members have renewed their memberships and one association that had not been a member joined. So 18 members have not renewed their membership. I first sent membership renewal notices before the July 1 renewal deadline. After the August Meeting, I will send a pointed reminder. The By Laws give a grace period for associations to be considered members till the October Meeting. After this meeting, I will send a less subtle reminder (“We know who you are. We know where you live. We know your family. ...”). You do not want to receive either the August reminder or the October threat, so please renew by the August Meeting!!

I am sending the final draft of the June Minutes. As there were no changes made, it is the same as the first draft.

THAN Past President Wofford Johnson has set up a THAN web site on the Neighborhood Link. The address is www.tampathan.org. Please look at it for information of interest to us all. Contact Wofford to praise or suggest modifications

If you are no longer the THAN Representative of your organization or if someone else should also receive these announcements, please give me names and addresses (e-mail addresses preferred).

Remember that the Office of Neighborhood & Community Relations keeps a calendar of events on their web site: www.tampagov.net/neighborhoods. Inform them of your neighborhood activities and consult the calendar to see what others are doing.

Sincerely yours,

Fredric Zerla, Secretary
