

DNA Meeting Minutes January 19, 2010

The meeting opened at 6:35 pm with the introduction of the officers and attendees. Rick Perez spoke about the Improvements committee. Tonya Richards was introduced as head of the Activities Committee. Fay Moore updated up on the Dixieland signs. Karen Moore introduced the AlleyCats and the Get Fit Dixieland info and gave the Treasury report. Cindy Green spoke about the CRA Business Directory.

Danny Thompson was present from Code Enforcement. Officer Rodriguez spoke briefly about the neighborhood crime report.

DC Sports Bar was the spotlight business for the evening.

David Uriah? spoke about traffic calming and assessment of trouble areas. Some streets are scheduled to get sidewalks in 2010, including the road along Ariana which a lot of school children walk or bike down. He spoke about the process for getting streets taken back to brick. The bricks have to be underneath and the streets have to be scheduled for re-pavement to request the city to expose the brick. He spoke about the requirements for qualifying for traffic calming measures, and that 66% of the residents on a given street section (stop sign to stop sign) have to petition for changes to be made to that section.

Rick Perez offered to post the petition forms on the Google group.

The meeting wrapped up at 7:30 pm
