WINTER 2010

Heritage Valley

COMMUNITY NEWSLETTER

Thanks so much!

Thanks neighbors for all your recent input over the last couple of weeks in response to our call for you all to get involved. As a result we have gotten offers to help set-up email groups for the community, expressed interest in some of you becoming block captains' of your block, ideas to show appreciation to our letter carrier etc. Things such as this are what make a community a community. Hope to see you all at the first meeting of the year on January 23rd at Ben Hill Recreation center at 12noon so we can start to get to business!

Fulton County Crime Inspector to Speak at next meeting

In order to combat the rise in crime in our neighborhood Gladys Mays, City of Atlanta Crime Inspector for our zone will be the featured speaker at our first

meeting in 2010. She is the liaison between the community and the police department. She is going to be there to assist us with starting our neighborhood watch and answer any questions that you may have concerning crime in our area. If there are any specific things that you would like her to cover please email Tselanilang@hotmail.com. All Heritage Valley residents are encouraged to attend.

Letter Carrier Retired

As you all know our community letter carrier Albert Woods retired at the end of last month. He

had been delivering mail to Heritage Valley for over 40 years. Thanks to your overwhelming generosity we were able to send off in style by presenting him with all the money that you all so graciously contributed at his retirement party that was held at the post office. I am sure that Mr. Woods went into his retirement with fond memories of Heritage Valley. Please keep him in his prayers in the coming weeks Woods absence

from the neighborhood will surely be missed.

Home Winter Checklist

As the months get cooler there are several things that you should do to maintain you home listed below are a few tips:

Tip#1 Fertilize and Reseed your Lawn.

Last year was a very rainy season which may have caused your turf to take a hit this the perfect time to get this under control so that come spring you lawn will be looking picture perfect.

Tip#2 Prune Trees and Shrubs

This is the perfect time to prune if you have not already done so.

Tip#3 Clear gutters and inspect downspouts.

Clogged gutters can become even more heavy and fall during winter months because water gets trapped in them and freezes.

In the coming months block captains will be canvassing the neighborhood setting up call trees and signing people up for the neighborhood watch program so be on the lookout. Hopefully this initiative will be a huge success with all of your participation

Get on the email list!
