Westerville, OH 43081

DEC 20 2011

Dear Mr. Estep;

As this year winds to a close, I want to thank you for your continued support of SWACO and our mission. We believe we are on the right track as we manage Franklin County's waste stream with an eye on economic development and protecting our environment.

To continue to do our job, we will be implementing the scheduled \$3.00 per ton increase in our rates effective January 1, 2012. This rate adjustment was approved by 38 of the 41 communities in our district as well as the Franklin County Commissioners during the autumn of 2010. At that time we explained to you the reasons for our request and I am happy to report to you that we are moving forward on our promises.

Demolition of SWACO's Morse Road Transfer Station will begin in January and construction of our new facility will begin shortly thereafter. Secondly, we are in the preliminary design stages for the new western entrance to SWACO's Franklin County Sanitary Landfill. We expect construction to start during the first quarter of 2012. Lastly, we are moving ahead with cash purchases of needed landfill equipment which replaces the financing of those purchases and thus reduces our debt.

It has been a busy year, and we believe 2012 will bring new solutions for the challenges we all face when it comes to taking care of our environment.

I promise that the SWACO staff will maintain our outreach to your community. If you have questions or concerns, please feel free to contact me at 614-871-5100.

Sincerely,

Ronald J. Mills
Executive Director
