

ARCHITECTURAL CONTROL FORM

Windmill Ridge Association Homeowners

No attached building, fence, wall, pavement, swing set, or any other structure can be installed, erected, or maintained on any homeowner property without approval from the Architectural Control Committee. See guidelines for specifics. Plans and specifications showing the size, material, shape, height and location of outside improvements must be submitted in writing. All structures and improvements must be in harmony with the external design and location of surrounding structures and comply with materials as stated in the Association Architectural Guidelines. A copy can be found on the website at www.windmillridge.org. Installation work can only begin after approval is given. Email the completed form to windmillridge.hoa@gmail.com or mail it the form to:

Windmill Ridge Association, 429 E. Dupont Road, #164, Fort Wayne, IN 46825
