

2012 Fall Picnic

Many HA/LH neighborhood residents enjoyed good food, conversation, and fun at the annual fall picnic held Sunday, October 21 at the park. This year's picnic was delayed for cooler temperatures and the weather cooperated for the event. Thanks to all who attended and especially to those board members, Becky Freeman and Nancy Flynn who planned the event. Mast Lawn Care scheduled for freshly mowed grass and Hasty Mosquito did a free application around the park to rid the area of gnats, flies, and mosquitoes. Those efforts contributed to a very comfortable environment. A raffle drawing provided winners with several prizes to take home. Overall, the event was a "neighborhood" success.

The Bounce House was a kid favorite!

Snow cones and popcorn were popular with all ages

The homes association dues provided fried chicken and soft drinks, plus all paper products. Each family brought a side dish or dessert. Maintenance and park facilities are provided by the homes association.
