What a fun project! Many volunteers began by 7:30 a.m. and continued on into the late afternoon. As you can see by the photos, which are also posted on our [webpage](#), volunteers' ages ranged from 87 years on down to 4 years. Prime examples of "you're never too old to learn" and "...train up a child in the way it should go and it will not depart from it ... Thank you so much volunteers!

If you and/or anyone you know are interested in future volunteer opportunities and/or wish to donate to our ongoing cleanup and beautification efforts, visit our website and/or send an inquiry to BSEC@BarrettStationEvergreenCemetery.org !

Dear Family and Friends,

I recently accepted the challenge to raise funds to support Special Olympics Texas. Special Olympics Texas provides year round sports training and competitions for more than 40,000 individuals with intellectual disabilities. For information about Over the Edge or Special Olympics Texas and its programs, you can visit www.specialolympicstexas.org.

As part of my fundraising effort, I will be unleashing my superhero by rappelling 20-stories down the side of a high-rise downtown hotel building with the help from local law enforcement agents of course. Tune in to hear more about my efforts during KPVU's radio talk show times, beginning this Sunday – Nov. 18th on Prairie View's 93.1 radio station, right after the news (I believe) around 2:06 pm. The second show is on Nov. 25th at the same time!

I need to raise a minimum of \$1,000 to achieve my goal and go Over the Edge. However, my personal goal is a minimum of \$5,000. Together, we can do it!!

It is fast, easy and secure to support Special Olympics Texas by making your tax-deductible donation online using my personal link below:
