

# **26<sup>th</sup> Annual Meeting**

**November 05, 2014 - 6:00- 8:15pm  
Historic Heights Fire Station at 12<sup>th</sup> & Yale  
(Downstairs Room)**

**6:00**

**Registration, Display and White Oak Bayou Social Hour**

**7:00**

**Program:**

**Dr. George Guillen, Prof of Biology and Environmental Science at UHCL and Executive Director of Environmental Institute of Houston will speak on the ecology of Houston's bayous. His research focuses on the interrelationship of channel morphology, habitat diversity, water quality and ecological health. His presentation will include a discussion of what channel restoration in White Oak Bayou can realistically achieve in terms of ecological revitalization.**

**8:00**

**White Oak Bayou Association General Meeting**

**Please forward this invitation to your Bayou friends and RSVP so that we have plenty of food and drinks for the social hour**

**Send E-Mail to Tom Gall at: [tgall@tjgall.com](mailto:tgall@tjgall.com)**
