As income tax time approaches, did you ever notice: When you put the two words 'The' and 'IRS' together, it spells **"THEIRS"?**

I always have complaints about the litter in the neighborhood now is the chance for residents to step up and be part of the solution. We are combing the city wide cleanup with the neighborhood pre-derby cleanup this year. Bags and gloves will be furnished but you may want to bring your own trash grabber to pick up items instead of bending over. Meet at Our Mother of Sorrows Church parking lot at 10:00am on Saturday, April 25th. You can help as long as your time frame allows.

If you can't attend you can pick up litter on your block.

Did you know???

. . . the Dairy Kastle, started as a filling station (for gas, not ice cream!) opened in 1926 by the Stoll Oil Refining Co. at the corner of Bradley & Eastern Parkway. It was operated as a gas station until 1974 under several chains, including Sinclair Oil, before becoming an ice cream stand. It's not spring time in the Saint Joseph's neighborhood until the Dairy Kastle opens.
