West Phoenix Revitalization Violence Impact Project (VIP)

A crime hotspot in west Phoenix is recovering from blight and illegal activity one property at a time, through public and private projects that neighborhood residents hope will transform 27th Avenue.

Once-seedy hotels are undergoing massive renovations, police are tracking down owners of mismanaged properties and area homeowners are being asked to report problems they see, from prostitution to code violations. Many of the issues occur on 27th Avenue, according to police.

For residents, the investments represent a chance to see change in the violent crime, panhandling and blight that have been increasing in the area for years. The projects are much-needed support for neighborhood groups who can't address the problems alone.

North Glen Square is right in the heart of this major anti-crime project involving our Cactus Park Police Precinct and two other police precincts. Called the West Phoenix Revitalization Violence Impact Project (VIP), its boundaries are Dunlap Avenue to Indian School Road, 31 to 19th Avenue. The goals of the VIP are to reduce violent crimes, create a safe environment, and build awareness through education of neighbors and community to promote long-term sustainability of the neighborhoods.

Some changes already are visible several months into the project. Police have worked with business owners to address illegal gambling or drug crimes they at times have allowed on their properties.

Revitalization Violence Impact Project

Officers also have tracked down absentee landlords who often did not know their tenants were causing trouble.

While regular law enforcement focuses on arresting criminals, the Violence Impact Project puts more emphasis on addressing root causes of a troubled area to make sure the problems don't return. The department is working to curb the demand for prostitution, and find community resources for people who are homeless or use drugs.

Since the beginning of the project many community meetings have been held for information and collaboration between the police, residents and neighborhood leaders in the areas being targeted. Check out our next issue for updates on this exciting and important project helping residents and police target crime in the west valley.

Real Estate Check-up

In NGS we have 7-10 homes on the market ranging from \$155k to \$399K (realtor.com). This doesn't include the new builds off of Orangewood up for sale. Market value in the area for established homes are averaging \$90 - \$100 per square foot (Freedom Mortgage Corporation). Currently many homes in our area appear to be priced well above current market value. Reasons may include home improvement investment made by owners and due to original purchase prices being well above the current market value because of the housing crisis. If you are considering selling your home consult a licensed real estate agent and be realistic about the value of your home.

NORTH GLEN SQUARE SQUARE-WIDE YARD SALE

OCTOBER 10, 2015

It's almost here!

*****This is the final notice of this in the
newsletter.*****

It's the event we all have been waiting for. It's the INFAMOUS, HUGE square-wide yard sale. It will be Saturday, October 10, 2015.

In past years we have had upwards of 40 homes participate in the sale. The more neighbors that participate, the more our ad will stand out in the Arizona Republic newspaper and on their online listings and on Craig's List. Each home address will be listed on a separate line. The ad will run Friday, October 9th and Saturday, October 10th.

Special Thanks Go Out To

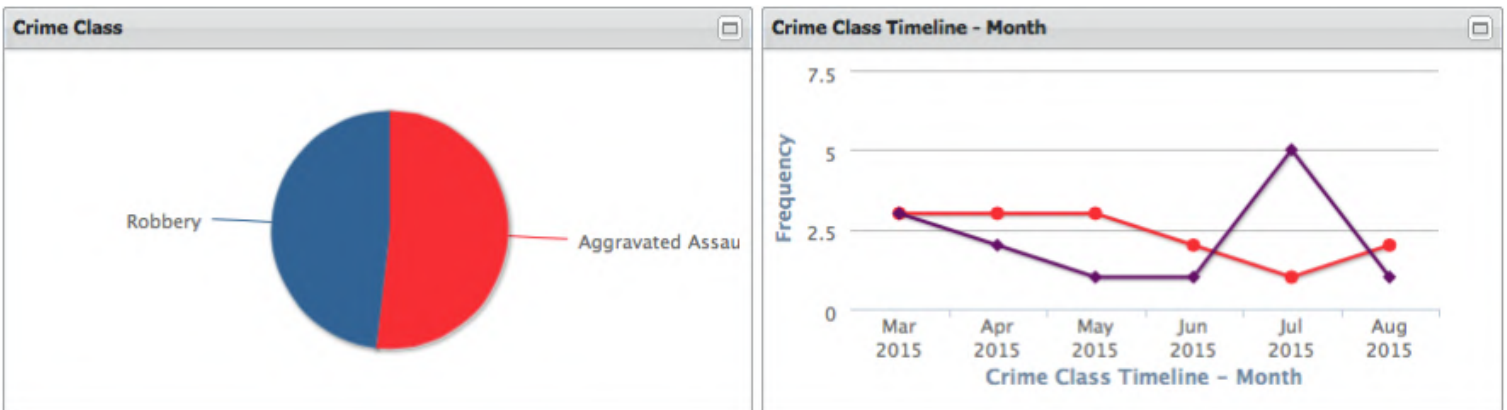

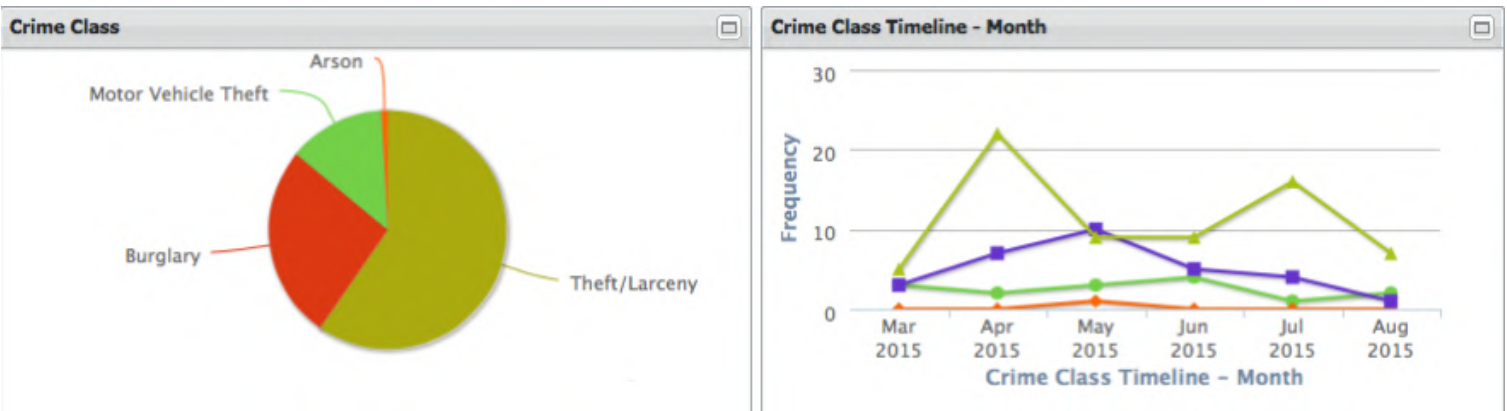

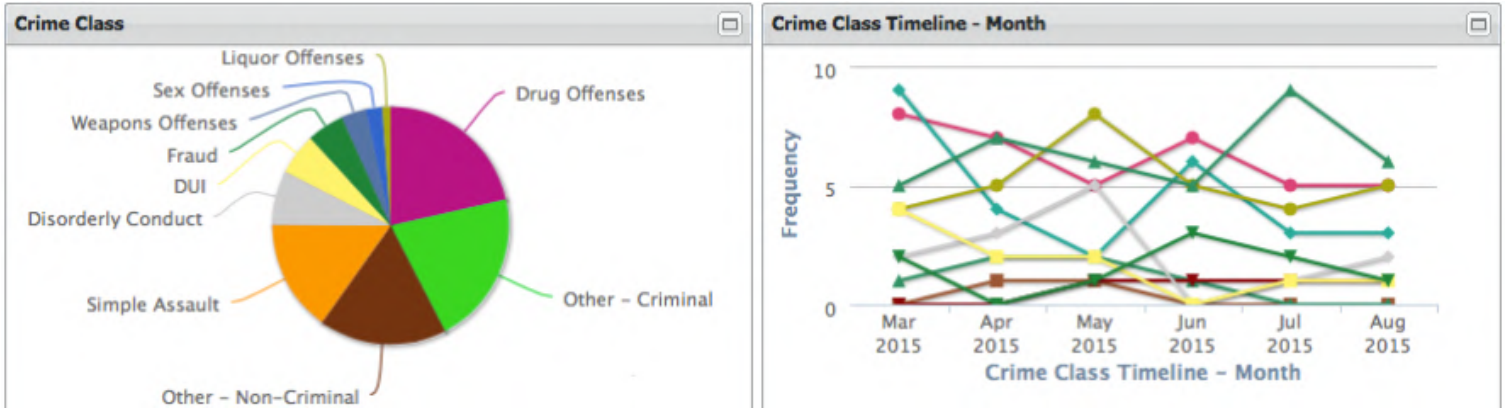

***The very nice people who help fold

NGS SQUARE-WIDE YARD SALE OCTOBER 10, 2015

It's almost here!

*****This is the final notice of this in the newsletter.*****

The cost to place your own personal ad would be much more than with the group price. The fee for paid members of the association is \$10 and for non-members is \$18.

If you would like to participate in this year's sale, please call one of our volunteers to get your address on the list. Please call any of the following people: Dee Gokie at 602/618-8679, Jean Rigtrup at 602/841-1203, or Michele Sahlin at 602/841-1278. Please leave a message and one of us will return your call as soon as possible. All participants will be given a supply of maps, which shows each home participating plotted on one side of the map and the list of addresses on the reverse side. This map is to be passed out to the shoppers, thus increasing the sales for each neighbor by keeping the shoppers in our square. We will also have signs at the main entrances into our square and a couple at 31st & Orangewood advertising the BIG sale in our square mile.

You set your own hours of operation. This is a great chance to meet your neighbors. Some neighbors have even sold coffee & donuts too. We look forward to getting lots of your phone calls to sign up. Start cleaning out those garages, attics, closets, and spare rooms. We wish everyone a successful, profitable yard sale. See you at the sales.

*****DEADLINE TO SIGN UP & PAY FEE IS MONDAY, OCTOBER 5TH*****

"Serving the Neighborhood since 1988"

October is National Breast Cancer Awareness Month

National Breast Cancer Foundation Mission

NBCF's mission is to help women now by providing help and inspiring hope to those affected by breast cancer through early detection, education and support services.

Breast cancer is one of the leading health crises for women in the United States. 1 in 8 women will be diagnosed with breast cancer in their lifetime. There is currently no known cure for breast cancer, and its early diagnosis is critical to survival.

According to [The National Cancer Institute \(NCI\)](#), getting a high-quality mammogram and having a clinical breast exam on a regular basis are the most effective ways to detect breast cancer early. The National Cancer Institute recommends women age 40 and older receive annual mammogram screenings to provide early detection of breast cancer.

However, with increased healthcare costs and a rapidly increasing percentage of uninsured women, many simply cannot afford the cost of screening tests. These women are at a significantly higher risk of dying from breast cancer if later diagnosed.

That's why NBCF provides [free mammograms](#) to women in all 50 states through our network of hospitals. We are now joining hands with people around the world to provide breast cancer education.

How NBCF Fulfills Its Mission

NBCF is a stabilizing force in the lives of hundreds of thousands of women who have reached a crossroad in their lives and need a helping hand to get across the bridge. NBCF offers free, innovative programs that other organizations aren't providing to women facing breast cancer. These programs include:

[National Mammography Program](#)
[Beyond The Shock](#)
[Early Detection Plan](#)
[Breast Health Awareness](#)

NBCF is one of the most recognized and respected breast cancer charities in the world. Since 2003, NBCF has received the highest 4-star rating by Charity Navigator, America's premier charity evaluator. Each year, over 80% of our revenue is directed to our life-saving programs, and because of that, NBCF has grown by 20% each year since 2005.
