Dear Ocean Towers Owners,

We have inspected the property for any damages following Hurricane Matthew. We had minor damage to the pool and around the transformer. We also lost the roof hatch door and there was some debris in the hallways from broken light fixtures.

I am very pleased to report that there was no damage inside the units!

Additionally the roof was inspected and all the HVAC units are still in place. Overall, Ocean Towers came through virtually unscathed.

If you have any further questions, please contact Pinnacle Real Estate Management at (843) 449-8103.

Sincerely,

FOR THE BOARD OF DIRECTORS
