

## Diamond Cove Painting Tips

To request the Diamond Cove Colorbook before painting the exterior of your home or fence, send an e-mail to: [Karl@swpmcfl.com](mailto:Karl@swpmcfl.com) . Please make sure you include your address and phone number so as the Colorbook can be delivered to your home.

All completed ARB applications with your paint colors and numbers should be sent to the e-mail address on the ARB application.

Color Wheel was purchased by Sherwin Williams and the Color Wheel colors and formulas listed in the Diamond Cove Colorbook are now available from the Sherwin Williams stores listed below. **To get the Color Wheel colors you have selected from the Diamond Cove Colorbook, go to Sherwin Williams with the Color Wheel color name and number from the Diamond Cove Colorbook. They will have the matching Sherwin Williams formula for your paint color.**

**Don't expect them to have Color Wheel fan decks or individual Color Wheel paint chips. Call the store before you go there to verify that they have the Sherwin Williams versions of those Color Wheel colors you wish to purchase in their computer at the their store before going to that store. If you go to Sherwin Williams and just ask them for the Diamond Cove Colors, they will not have the information. You need to bring the Color Wheel name and number.**

If you are having your fence painted, download the **"DEW DROP"** formula sheet on the Diamond Cove web-site and give it to your paint contractor or bring it with you to Sherwin Williams. This is a custom color and they do not have it in their system.
