## HOA Covenant Updates

After conducting a vote of the HOA members regarding our need to consolidate and update our covenants, the Board has acted on your desires. We moved ahead to implement changes beginning with study sessions conducted during 2017 to gather input from the homeowners. As a result, we hired an attorney who specializes in homeowner association law to develop a revision of the covenants based on the outcome of the study sessions. The City of Norman requires notarized homeowners' signatures for the final approval of updating the covenants. This process will take place during this spring and summer.
