

# Flowing Wells Spring Events!

## Hosted by Watershed Management Group

*Watershed Management Group (WMG) is nonprofit organization that works on developing community-based solutions to positively impact our environment. WMG helped install the Shannon Road rain gardens north of Laguna Elementary and we are excited to continue work in the Flowing Wells neighborhood.*

**We hope you join us for these spring events!**

### Birds Bath and Beyond

**Who:** WMG with cohost Habitat for Humanity

**Where:** Flowing Wells Library

**When:** March 14th at 10:30 am to Noon

At this free event, we'll be building bird houses and talking about the role of our homes in backyard ecology and innovative ways use can use the rain to benefit and beautify our backyards. You'll also learn about Habitat's home buyer program and other free resources available to Flowing Wells residents.

### Shady Activities, DIY Tree Care Workshop

**Who:** WMG with cohost Trees for Tucson

**Where:** Flowing Wells Library

**When:** March 21st at 12:30 pm to 2pm

Join us for some shady activity! WMG and Trees for Tucson are teaming up to bring a tree care class to Flowing Wells. Residents will learn how to make seed balls, help plant a tree for the library, and learn about free resources to help make Flowing Wells a greener, healthier neighborhood. The first 15 residents to attend will receive a free shade tree or native plant.

### Neighborhood Weed and Greet

**Who:** WMG with cohost Trees for Tucson

**When:** March 28, 9:30 am to 1:30 pm

**Where:** Meet at the corner of N Shannon Road and W. Palmyra

Help get Shannon gardens looking spiffy for the springtime with weeding and general maintenance. All abilities and ages welcome to join us for the native plant tour and neighbor meet and greet before we start work.
