COVID-19: Stay Connected & Informed

March 23, 2020

Our Commitment to Our Neighbors!

Besides Family, our community is the strongest engagement and source of comfort during times of uncertainty following the COVID-19 (Coronavirus), global pandemic. Our highest priority is the safety and well-being of our neighbors. We are taking every precaution to ensure that our services follow CDC guidelines against the spread of COVID-19 within our community. In following the social distance guidelines, Miller's Point Neighborhood Association has postponed all planned meetings and events through the end of April.

We plan to have our **2020 Spring Community Clean Up for the Junk & Brush Pick Up** Saturday, May 9 & Sunday, May 10 from 9:00 a.m. - 5:00 p.m., until further notice directed by the government and public health officials.

We strongly encourage you to use our online tools for the latest news, upcoming meetings, neighborhood events, community awareness, make online payments via PayPal (for dues & donations), and access the Membership Registration Application form for New and Renewal at www.millerspointna.com. We are working on applying more advanced communication by phone and online.

We give a BIG THANKS to our AMAZING neighbors within the community! Several are checking in on their neighbors by phone, picking up emergency groceries, and/or creating goods & products shipment delivery for our Senior Citizens, Disabled, and pregnant women while staying contactless.

If you don't feel well and develop a fever, cough, and/or experiencing shortness of breath, please stay home and seek medical care right away.

Please continue to stay informed, healthy, and reference the Centers for Disease Control and Prevention's (CDC) website (www.cdc.gov) for more information on how to protect yourself and take steps to help prevent the spread of respiratory diseases.

Sincerely,

The Miller's Point Neighborhood Board of Directors
