(Any Street Light issue )
- Pike Fire Dept 317-347-5860
- Pike Library 317-275-4480

## What's going on in the community

**Stratford Glen HOA** is working closely with the other communities in the area to make sure we encourage all of our residents to maintain their properties. We do monthly drive-around to access how we're doing. Our focus is on the upkeep on lawns, shrubbery, removal of dead trees, inoperable vehicles, basic maintenance of the exterior of homes and proper fencing to name a few. We ask everyone to do these things to make sure you are keeping your property looking good. Don't forget to cut the grass outside of your fence line and in your easements. As a homeowner, I too was faced with dirty and molding siding. I found a product that worked wonders without scrubbing or pressure-washing, called E-Z House Wash. It was simple and easy to use.

This summer, **Stratford Glen HOA** has arranged to have stone/rocks added to the banks of our largest pond to halt erosion. This project will take 2-3 weeks to complete. We ask everyone along the pond to have patience once this project begins, weather permitting.

**Stratford Glen HOA** has begun reviewing ideas and cost estimates to update our entrance signs and landscaping along 62<sup>nd</sup> street at King Lear and Terrytown. This may sound like a simple project but it isn't. First, the bricks at each of the entrances need to be repaired in several spots before any signage work can start and definitely before we put in new plants. Our focus is on maximum appeal at minimal costs.

**Stratford Glen HOA Meetings** – All SG residents are welcomed to observe the board meetings. Please contact PMI Meridian Management if you wish to be added to the agenda. Meetings are held 4<sup>th</sup> Wednesday each month through October at 6:30pm in the clubhouse.

### Key Reminders

**Garbage Pick-Up- \*Fridays\*** [Saturday- trash pickup after holidays]

Please do not place large bulky items out more than 2 days before trash pick-up. Note, you are limited to 2 items/month

**Mayor Action Hotline is used to report: *\*\*(317) 327-4622\*\****

Street repairs, missing signs, overgrown yards, abandoned vehicles, pot holes, etc.

### Updates to your property:

- Any structures built on your property, including fences, decks, and storage buildings, need approval from the Architectural Review Board.

\*Check with city for required permits

\*Call PMI Meridian Management to get Architectural Request Form

PRACTICE SOCIAL DISTANCING, WASH HANDS, STAY SAFE
