

## TRAILWAY DRIVE WATER MAIN REPLACEMENT

As part of our ongoing efforts to enhance service and reliability to our customers, a **WSSC Water project is coming to your neighborhood**. It's all part of our commitment to strategically replace and rehabilitate the aging water and sewer mains throughout our service area.

As we get closer to construction, we plan to hold a community meeting to provide you and your neighbors with more details. In the meantime, please read this letter as it contains important information about this upcoming project.

### Scope of Work

The purpose of this project is to rehabilitate the aging water infrastructure in the Trailway Drive area with new 4-inch to 10-inch ductile iron water mains, which will reduce the frequency of water main breaks. In the event your water service line is galvanized pipe, WSSC will replace the portion of the water main between the public main and the property line connection, at no cost to you.

- WSSC will rehabilitate 2.09 miles of water mains.
- **Affected Streets Include:** Bauer Drive, Bitterroot Way, Bluebonnet Court, Candytuft Court, Candytuft Lane, Clavel Street, Clavel Terrace, Emory Lane, Flower Valley Court, Flower Valley Drive, Lupine Court, Manor Lake Court, Manor Lake Drive, Morning Glory Court, Norbeck Service Road, Red Clover Drive, Rocking Spring Drive, Trailway Drive, and Waterview Drive..
- The current water mains were installed 50 to 60 years ago and are nearing the end of their useful life cycle.

### Estimated Project Schedule

- Estimated construction start: Summer 2024 (tentative)
- Estimated construction duration: 14 months
- The estimated project schedule may change based on issuance of permits, available funds or inclement weather.

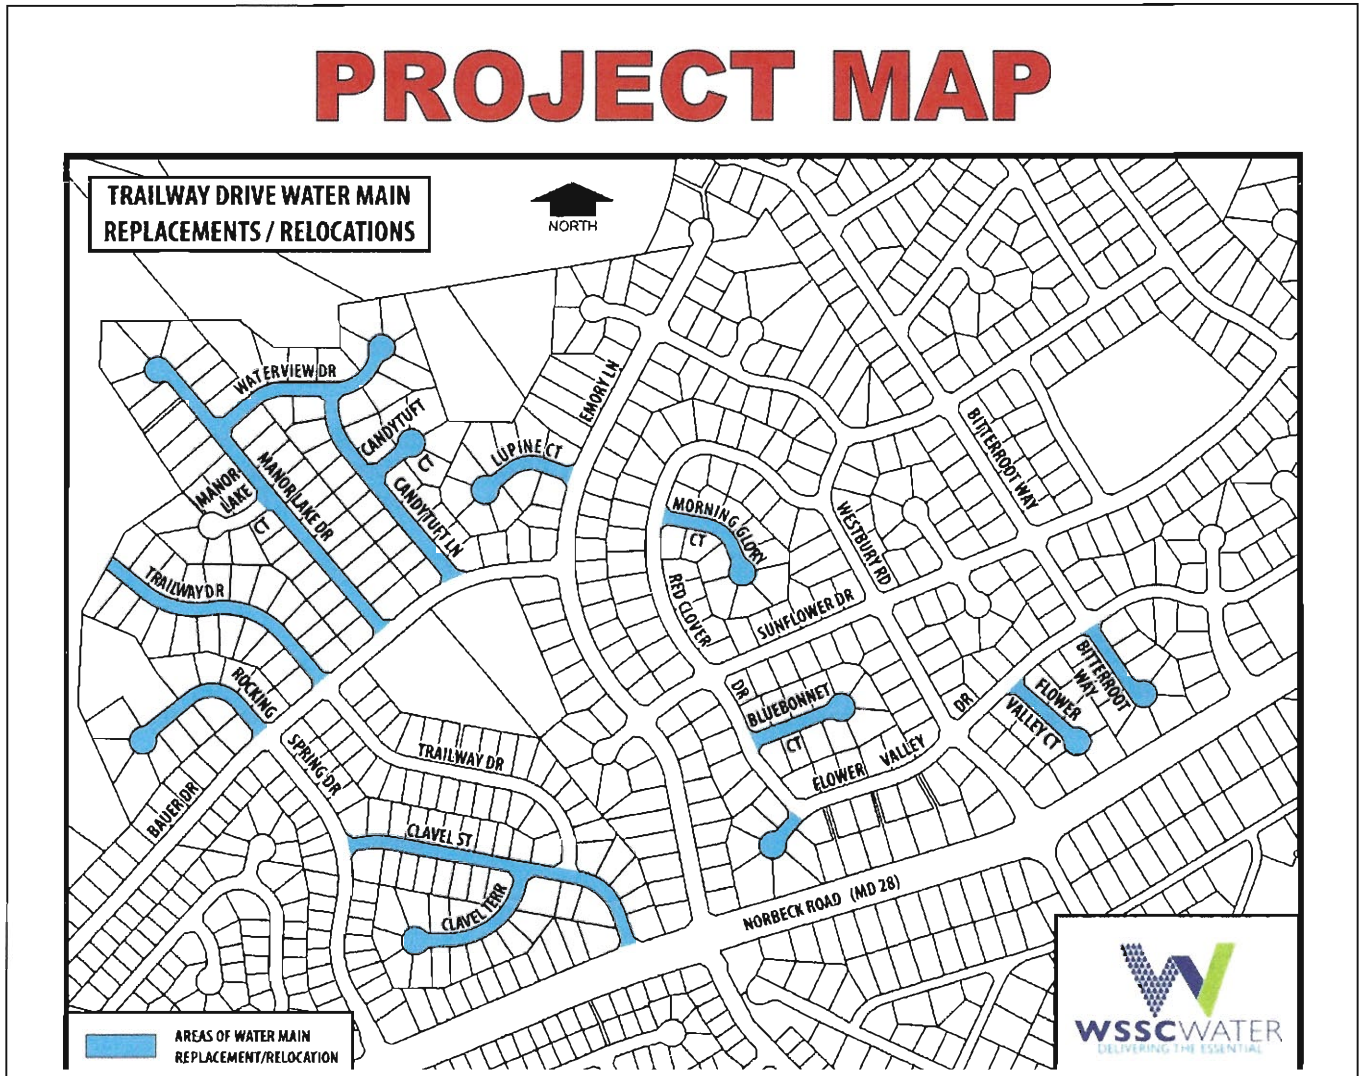

### Additional Information

- Some trees may have to be pruned or removed to accommodate the work. If any trees need to be removed, residents will be notified prior to construction. All tree removal and pruning will be supervised by a WSSC Water urban forester.
- Your water service may be interrupted for a few hours while the new main is being connected. Residents will receive a 48-hour advance notification for planned service interruptions.
- WSSC Water will provide residents at least 48-hour advance notification in the event of any parking restrictions and changes in work hours.
- WSSC Water will restore sidewalks, roadways and landscaping within 90 days of construction completion.
- **Projects completed during the winter months will be restored the following spring.**

### Contact Information/Questions:

- Project Manager, Matthew Brew, 301-206-8820 or by e-mail at [Matthew.Brew@wsscwater.com](mailto:Matthew.Brew@wsscwater.com) and refer to Project No. BR6521A18.
- Contact WSSC Water's 24-Hour Emergency Call Center at [301.206.4002](tel:301.206.4002) in the event of a water or sewer emergency.
- Sign-up at [www.wsscwater.com/CNS](http://www.wsscwater.com/CNS), to receive emails and/or text alerts so you can keep updated on work in your neighborhood.

# PROJECT MAP

**Directly Impacted Streets Include:** Bauer Drive, Bitterroot Way, Bluebonnet Court, Candytuft Court, Candytuft Lane, Clavel Street, Clavel Terrace, Emory Lane, Flower Valley Court, Flower Valley Drive, Lupine Court, Manor Lake Court, Manor Lake Drive, Morning Glory Court, Norbeck Service Road, Red Clover Drive, Rocking Spring Drive, Trailway Drive, and Waterview Drive.
