## Commercial Vehicles (over one Ton)

"The DRC wants to update residents about commercial vehicles parked in the neighborhood. They are in violation of the Deeds Restrictions and should be removed from the neighborhood. Also, residents can report violations directly to the city when a commercial vehicle is parked on the street at [http://schertz.com/?page\\_id=1399](http://schertz.com/?page_id=1399)". *The committee understands POVs with logos and does not consider them in violation.*

## Trash and Recycle Cans

Again, if you have you trash and recycle cans visible from the street you are in violation with the deeds restriction. The key words are VISIBLE FROM THE STREET. Please comply with the deeds restrictions and keep the neighborhood attractive.

Thanks for your support.

DR Committee
